

NOTICE OF CONFERENCE CALL SCHEDULED FOR SEPTEMBER 1st

Prospective GATS Subscriber

As you may know, we are rapidly approaching the GATS go-live date, which is now scheduled for Sept 12th. I want to schedule a short conference call with you to review the status and related considerations pursuant to your use of the GATS services. The call will be on September 1st beginning at 10:30AM and I expect it to run no later than noon. I also want to point out that the GATS Terms of Use and the GATS Operating Rules have both been revised, and the new revisions will be posted to the PJM-EIS web site on today, Monday August 29th. We will go over these modest revisions with you on the call. We will also post some additional materials to be reviewed during the call early next week. The Agenda for the call is as follows:

1. Review revisions to the GATS Terms of Use and Operating Rules
2. Review the generator qualification process, and state contacts for seeking qualification
3. Overview of the first certificate creation cycle and related considerations

The Dial in number for the call is: [800-917-9796](tel:800-917-9796) , [pass code 504920](#)

Thanks in advance for your participation; we are working hard to make this process as smooth as possible

Regards

Joe Kerecman
